## Democrats Nominate Gibbs and Shields

The democratic caucus Tuesday night in the town hall for the nomination of candidates for representative to the general assembly took but a few minutes to complete its ticket. Herman J. Gibbs of Yantic was nominated for first representative and Attorney William H. Shields, Jr., second representative, both unanimously by acclamation by the fifteen men present.

William H. Callahan, chairman of the democratic town committee, called the caucus to order just after 8 o'clock. Michael J. Curran was elected chairman and Henry Gebrath clerk. The nomination of Mr. Gibbs by C. J. Downes and of Mr. Shields by P. F. Sweeney followed in order and both were elected.

The following were nominated for jus-

tices of the peace as proposed by Judge Thomas J. Kelly: Edward T. Burke, John J. Corkery, Jeremiah J. Desmond, Roderick M. Douglas, Joseph T. Fanning, William P. Hill, Charles V. James, Thomas J. Kelly, Earl Mathewson, Gilbert S. Raymond, Harold T. Robinson, Thomas M. Shields, William H. Shields, Jr., William Weldon, Patrick T. Connell, John E. Fitzgerald.

At the invitation of Chairman Curran, Mr. Gibbs spoke a few words in which he expressed his appreciation of the honor of the nomination, which he said had been unsought, and he declared he felt sure of the election of the whole ticket if every man in the party would do his part. In the national election he said he felt that the party had a platform of which it need

not be ashamed, while he called the platform of the republicans non-progressive, and he asked every man to do all he could to insure the election of Cox and the other candidates.

The caucus adjourned after empowering the town committee to fill any vacancy occurring on the ticket between now and election day.

### Colchester Democrats Nominate

Edward H. Norton and Samuel McDonald were the two candidates nominated for representatives by the democratic caucus in Colchester Monday night. There was no contest. Judge Harley P. Buell, who had been nominated by the republicans for judge of probate, was endorsed by the democratic caucus.

Among the justices of the peace nominated was Mrs. Jennie Mitis. The caucus had an attendance of 150, with Edgar A. Carrier as moderator and Lester Leffingwell clerk.

### NORWICH TOWN

The first fall meeting of the Men's League was held Monday evening in the First Congregational chapel with an attendance of about seventy-five. Through the courtesy of the league, women friends were invited to attend this meeting, that they might be afforded the pleasure of hearing the very interesting address by Rev. Charles H. Ricketts, pastor of the Greenville Congregational church. Preceding the address the Up-Town orchestra gave a concert program to the pleasure of all. This was followed by a short business meeting at which Vice President Allen L. Latham presided. The minutes of the last meeting as read by Secretary and Treasurer Dr. Charles H. Lamb, were approved and accepted. The officers and executive committee have under consideration interesting programmes for each month throughout the season. At the conclusion of business, Mr. Latham presented Rev. Mr. Ricketts, who gave an interesting talk on "The Character of the Leader of Nations." Mr. Ricketts, who was listened to with profound silence brought out many interesting facts, and impressed on the minds of the people the very important things concerning the various articles pertaining to his subject. At the

close he was loudly applauded by the enthusiastic audience, which was privileged to ask questions to which Mr. Ricketts promptly responded.

### BURIED IN CAVE-IN

AT VERSAILLES PAPER MILL

(Special to The Bulletin.)

Versailles, Conn., Oct. 12.—While engaged as a laborer for the H. Wales Lines Co., contractors and builders, who are building a large addition to the Federal Paper Board company plant at Versailles, Victor Ritchie was painfully injured and narrowly escaped death when a large dirt bank caved in and buried him to a depth of 12 feet. The cave-in occurred about 20 minutes before quitting time Tuesday evening. Ritchie and his fellow employees were excavating for a large concrete wall that is to be built on the western side of the mill. As the bank toppled over, Ritchie yelled for help. The gang of workmen nearby hurried to the spot but could not see Ritchie. They then shoveled away the dirt and pulled him out in a very exhausted condition. A large Red truck, owned by the mill company, hurried Ritchie to the Backus hospital in Norwich. Ritchie was seen to be in a very critical condition upon being taken from the excavation, suffering great pain. Mr. Ritchie has been married for about two weeks and makes his home in Versailles. His wife visited him at the hospital Tuesday evening, but could not learn if any bones had been broken. At midnight Mr. Ritchie was resting as comfortably as could be expected and the full extent of his injuries had not been determined.

The sign of a reliable dealer and the world's best Gasoline

Every motor highway and byway throughout picturesque New England and New York is a part of the long "Socony Trail".

MOTORISTS, commercial truck-men and farmers—from Salem, Mass., to Oswego, N. Y.—have come to depend upon Socony products. Thus, ordinary demand has become a responsibility which the Standard Oil Company of New York is constantly striving to fulfill. This is the reason for the steady growth of Socony service.

Refining processes, like motor construction methods, are always being improved. Socony gasoline is made and tested in accordance with the most recent standards of accuracy—insuring uniform cleanness, constant mileage to every gallon and absolute dependability. There is a difference in gasoline—just as there is in coal. It will pay you to discriminate.

Socony is a straight-refinery gasoline. It vaporizes quickly, but it is more than a mere easy-starting fuel. Owners of large motor truck fleets use Socony regularly because it is uniformly high-powered and clean-burning.

Look for the red, white and blue Socony sign.
